

Announcing our new

# STUDIO

COLLECTION™

BY AVONITE® SURFACES

# Be Bold. Be Unique. Be Unforgettable.

This eye-catching collection is unmatched in depth, clarity, and colour-fueled design options. Add brilliance and create dramatic mood settings using colours and designs only imagined in the past.

**Applications for Studio Collection™ include but are not limited to:**

- Countertops
- Backlit Bar Tops
- Furniture
- Store Fixtures
- Cash Wraps
- Partitions/Wall Art

## Crushed Garnet

### Mosaics Series

Vibrant reds pop against the subtle background, producing a strikingly bold look.

## Pewter

### Frosted Glass Series

A true neutral, this medium shade of gray can be illuminated for a dramatic effect.

## Pure Aqua

### Frosted Glass Series

Like the crystal clear waters of the Caribbean, this soft blue evokes calmness and will refresh any space.

## Harbor Fog

### Frosted Glass Series

Today's trendiest neutral, this soft gray can project any hue when backlit with coloured lighting.

## Citron

### Frosted Glass Series

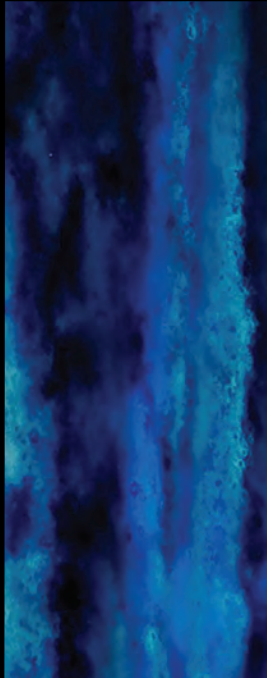

Fresh and modern: give your design a splash of colour with Citron.

## Ocean Breeze

### Element Series

Cool hues, movement and visual texture define our boldest design yet.

## Jet Stream

### Elements Series

With a subtle stream of movement, this neutral colour is striking when backlit.

## Grenadine

### Frosted Glass Series

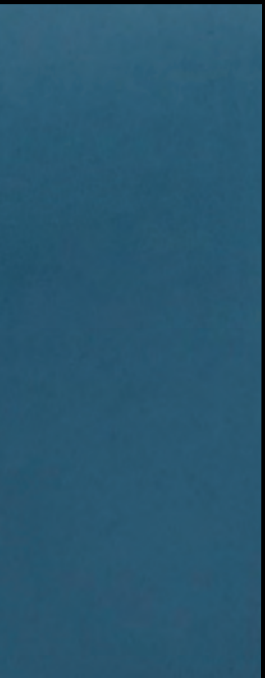

Add a fresh pop of red to energize any space.

## Rose Quartz

### Elements Series

A beautiful material to promote a soothing, beach-like atmosphere.

## Catalina

### Frosted Glass Series

Inspired by the deep blue waters of Catalina Island, this colour promotes a soothing ambiance.

## Terrazzo

### Mosaics Series

Mimicking the look of high-end terrazzo, this neutral colour with clear chips adds visual texture to any design.

## Tempest

### Elements Series

A neutral white with a flurry of translucent veining can be backlit to add drama to any design.

Panel size 12mm 36" x 120"

Note: Test final lighting conditions before installation, as colours may vary based on lighting used.
