# EGGER Textures

**PG/ST2 PerfectSense Gloss**  
PerfectSense Gloss is characterized by its exceptionally smooth and deep reflective finish.

**PM/ST2 PerfectSense Matte**  
The warm and silky feel is combined with high resistance and anti-fingerprint properties to provide a high quality, matt finish.

**NEW option available**  
**Laminate PerfectSense Topmatt**  
Laminate PerfectSense Topmatt is characterized by its high scratch resistance.

**ST10 Deepskin Rough**  
A highly authentic and realistic texture for solid wood and material reproductions.

**ST22 Deepskin Linear**  
A deep brushed finish with a matt gloss linear grain. This offers a realistic surface for linear woodgrain colors, giving them more naturalness and depth.

**ST28 Feelwood Nature**  
This texture is characterized by its authentic feel. Knots and planking create a natural feel reminiscent of solid wood.

**ST29 Feelwood Ambiance**  
This texture has a striking, elegant appearance. It is ideal for large applications to create a tasteful, sophisticated feel. It traces the grain with soft recesses, creating a tactile effect.

**ST33 Feelwood Crafted**  
This surface displays an interplay of matt and light-gloss elements. The matt and softly brushed pore provides the surface with a beautiful depth effect, giving its very natural look – together with its pearlescent sheen.

**ST36 Feelwood Brushed**  
This surface exhibits a deeply brushed but very natural, matt character that giving many different types of wood an extremely authentic feel.

**ST37 Feelwood Rift**  
This texture has an authentic solid wood finish, which is emphasized with its synchronized surface on the décor series Halifax Oak, giving the cracks and knots a tastic feel.

**ST38 Feelwood Pinegrain**  
This texture displays a deeply brushed softwood appearance with a high value pearl effect thanks to the matt and gloss elements.
