Sumán® finest finished collection

You wander through the museum you've wanted to visit for ages. On turning a corner, you encounter an unexpected masterpiece. The finesse of its colours and subtlety of its structure move you profoundly. This is how art should be. This is how design should feel. You walk on, with a voice in your head saying "I wouldn't have missed this for the world!"

The sophisticated finishing within the Sumán collection is superb – warm and profound, epitomising the virtuosity you're looking for. A visible and palpable sheen of quality resonates with you. In a class of its own.

'Losan is a professional producer, with a long tradition of making wood-based panels. We think it is important that Losán focuses on special products instead of just bulk products! In addition, they are flexible, reliable and professional. In short: a real partner in business.'

Kestutis Raguckas, RDMx, Vilnius, Lithuania

Sustainability

To Losán, caring about nature is a given. Because we not only love real wood veneer, but we love nature and we respect our environment.

We believe that the way we treat our surroundings and especially our materials, is crucial to the process of working with wood. We use wood from sustainably managed forests. All of our production facilities are located near our resources. This helps us reduce our CO₂ emissions. As we process a natural product, we are very aware of our need and responsibility to protect the environment.

We are your supplier of the finest veneered sheet materials with this Scandinavian ECO label. The M1 certification determines that the product meets the M1 criteria for emission class for building materials. We are the first producer of veneered panels who have achieved this certification and we are very proud of that.

We went to great lengths to achieve this certificate to ensure that you, as our customer, have the security of a product that is produced with the lowest emissions possible.

We love wood, but we also love to work with wood that is sustainable. In this way we can enjoy not only the product, but also the trees which provide these beautiful materials. That is why we have FSC certification. This certificate applies to forest product manufacturers and distributors. The goal is to check that products are handled correctly at every stage of production - from forest to panel. So that you, as our customer, can be sure that you are buying a sustainable product.

PEFC is a certification scheme, which guarantees by annual audits that the wood components used in our production originate from legally and sustainably managed sources.

LosánNL is FSC®, PEFC® and M1®-certified.

‘As we process a natural product, we are very aware of our need and responsibility to protect the environment.’

SUMÁN® SICILIA

SUMÁN® SHELL

SUMÁN®

Losán Inspiration LAB

To inspire you and allow us to share our latest products and innovations with you, we have created our Losán LAB consultancy.

Sumán® finest finished collection

The product names of the Sumán® finest finished collection have their origin in nature, with attention to the different color shades and elements that occur therein. We would like to introduce you to the finesse in color of the Sumán® collection.

Sumán® Oyster

Sumán® Sand

Sumán® Clay

Sumán® Silica

Sumán® Basalt

Sumán® Volcano

Sumán® Shell

Sumán® Loam

Sumán® Rock

Sumán® Graphite

The finesse of
colours and
subtlety
of structure.

Technical data

Core	MDF 18mm
Surfaces	Lacquered veneer
Gloss grade	10% +/- 3%
Veneer thickness	0,6mm
Final thickness	19mm
Size	3050x1240mm
Splicing	Plank matched

DESCRIPTION	NORM	RESULT
Density	EN622-5 / EN323	730 kg/m ³ +/- 7%
Internal bond	EN139862004+A12015	0,65 N/mm ²
Bending strength	EN622-5	25 N/mm ²
Modulus of elasticity	EN622-5	2800 N/mm ²
Thickness tolerance	EN324	+/- 0,2mm
Swelling in thickness	EN139862004+A12015	12%
Length/width tolerance	EN324	+/- 2mm/m
Squareness tolerance	EN324	+/- 2mm/m
Flatness	EN324	2mm/m
Formaldehyde	EN139862004+A12015	MDF TSCA Title VI/E0,5
PCP content	EN139862004+A12015	<=5 ppm
Fire classification	EN139862004+A12015	D-s2, d0
